

Velleman Installation

Go to Velleman site to download software and drivers at:

<https://www.velleman.eu/support/downloads/?code=PCSGU250&country=be&lang=en>

Under the download menu, select PCSGU250 software package (Rev. 1.14)

(You can also download the User Manual for reference at this site.)

Run the downloaded executable file pclab2000lt_v1_14.exe and go through the installation wizard.
